Dear Mr. Weisberg,

I'm sorry that I haven't been able to get back to you earlier, but between moving and my opening classes at law school I have been very busy these days.

I've examined the materials at the Brooklyn Law School library and various branches of the Brooklyn Public Library to no avail. The information you need is a bit esoteric for general consumption it seems. Sometime this upcoming week I intend to go to the New York City Police Academy Library where I'm sure they'll have what you're looking for. I'll rush the material to you as quick as I am able. Again, sorry for the delay.

For your interest, one of the better-known scandal sheets, the National Enquirer, is offering a $100,000 reward for information establishing proof of a conspiracy in the JFK murder. Also, the current issue of the Village Voice features an article about Popkin and his theories on the assassination. Robert and I will be glad to forward you a copy of the article if you are unable to come by it.

Robert was wondering if you've received the articles he has been sending you.

We also wanted to ask whether you would be in the New York area sometime in the near future?

Best Wishes & Regards,
Jerry Kay
